

Sunday 9 September 2018

1800 - 2000 Welcome Drinks in the Exhibition Area

Monday 10 September 2018

0700 - 0815 **Ferring Sponsored Breakfast**

0830 - 1000 Welcome, Opening Address & Keynote

0830 - 0835 Presidents Welcome

0835 - 0840 Convenors Welcome

0840 - 0910 Opening Speaker: *Liz Ellis*

0910 - 0940 Ian Johnston Memorial Presentation: How to evaluate 'advances' in IVF; the endpoint chosen dictates the outcome: *Bart Fauser*

0940 - 1000 How the old makes way for the new: *Jan Brosens*

1000 - 1030 **Morning Tea, Poster Viewing and Trade Exhibition**

1030 - 1300 **Concurrent Clinical Free Communications 1A**

Concurrent Scientific Free Communications 1B

Concurrent Psychosocial / Nursing Free Communications 1C

1030 - 1045 **Complementary Medicine and First Cycle IVF – What are the effects on the Oocyte, the Embryo and the Pregnancy Rate?** *Violet Kieu*

The effects of semen processing using three methods on sperm ROS and apoptosis: *Benedicta Santoso*

Psychological entitlement in third party reproduction: *Miranda Montrone*

1045 - 1100 **Do the Numbers Stack Up for PGS?** *Claire Garrett*

Oocyte-secreted serum biomarkers and reproductive potential in women: *Angelique Riepsamen*

Embryo Donation: Experiences and Expectations of Donor and Recipient Families: *Tania Trapolini*

1100 - 1115 **A retrospective review of women undergoing fertility preservation referred to a single tertiary referral unit in metropolitan Sydney - cycle response and utilization rates:** *Cheryl Phua*

Maternal age and AFC affect levels of oocyte-secreted BMP15 bound to cumulus cells in ICSI patients: *Adriana Krysta*

Enhancing Access to Domestic Surrogacy – Improving Support frameworks: *Sam Everingham*

1115 - 1130 **The Effect of Donor Gametes on Risk of Hypertensive Disorders and Fetal Growth Restriction:** *Amber Kennedy*

Revising fertilisation timing - have we been sleeping on the job? *Amy Clements*

Expectations & Needs of Altruistic Surrogates: *Sam Everingham*

1130 - 1145 **Health of adults conceived following in vitro fertilisation (IVF):** *Jane Halliday*

Compaction on day 4 is a strong predictor of embryo utilisation and valuable in managing patient expectations: *Ilona Rose*

Donor Applications to the Victorian Central Register: *Kate Bourne*

1145 - 1200 **How can we improve Oncofertility care for patients? A systematic scoping review of current international practice and models:** *Bill Ledger*

Clinical Outcomes of Embryos Vitriified as 'Borderline' in Quality: *Sarah Dalati*

A systematic review of fertility-related psychological distress experienced by cancer patients throughout treatment and into survivorship; informing on a new model of psychological care: *Shanna Logan*

1200 - 1215 **Age-related natural fertility outcomes in subfertile women over 35: An individual patient data meta-analysis:** *Su Jen Chua*

Outcomes from Heterotopic and Orthotopic Grafting of Human Cryopreserved Ovarian Tissue: *Deb Gook*

Managing emotions during infertility treatment: A model of psychological interventions: *Sarah Nowoweiski*

1215 - 1230	Outcomes Of Letrozole Ovulation Induction Therapy: <i>Henry Gribben</i>	Effects of different wavelengths of light at the same energy on developmental competence of preimplantation embryos: <i>Avishkar Saini</i>	Adjuvant therapies offered on assisted reproductive technology (ART) clinic websites in Australia and New Zealand: how do claims of benefit match the evidence? Karin Hammarberg
1230 - 1245	Treatment effect of oil-based contrast at HSG is dependent on pain at HSG but not on volume of contrast: <i>Ben Mol</i>	Are the underlying mechanisms involved in the development of PCOS different for distinct clinical PCOS phenotypes? <i>Ali Aflatounian</i>	Improving access to ART in low-income settings: A case study from Zimbabwe: Karin Hammarberg
1245 - 1300	Interventions for endometriosis related infertility: a systematic review and network meta-analysis: <i>Ruth Hodgson</i>	Monitoring LN2 dewar levels and temperature as a method to reduce risk of gamete and embryo loss in the event of dewar failure: <i>Linda Coelho</i>	Oncofertility care and the impact on reproductive concerns, psychological distress and satisfaction in cancer patients at diagnosis, parents and partners: <i>Shanna Logan</i>
1300 - 1400	Lunch, Poster Viewing and Trade Exhibition		
1300 - 1400	IVF Directors Group Meeting		
1400 - 1540	Invited Concurrent Clinical Session 2A: IVF at the edge	Invited Concurrent Scientific Session 2B: Embryo caring	Invited Concurrent Nursing / Psychosocial Session 2C: Access to care and care at access. How do we best meet the needs of minority groups?
1400 - 1425	Science and hype in the media: <i>Christos Venetis</i>	Antioxidants: <i>Thi Truong (Mai)</i>	(1400 - 1420) Lesbian and gay couples: <i>Ruth McNair</i>
1425 - 1450	Why should regulators regulate adjuvantia? <i>Bill Ledger</i>	Adding Cytokines and Growth Factors to Culture Media; Should We or Shouldn't We?: <i>Deirdre Zander-Fox</i>	(1420 - 1440) Single mothers by choice: <i>Fiona Kelly</i>
1450 - 1515	How can regulators help patients make informed decisions around adjuvantia? <i>Louise Johnson</i>	Culture conditions and stress: <i>Rebecca Kelley</i>	(1440 - 1500) Male partners: <i>Jane Fisher</i>
1515 - 1540	In the absence of evidence of efficacy, what is the harm? <i>Manuela Toledo</i>	The value of KPIs for quality assurance: <i>Dean Morbeck</i>	(1500 - 1520) Clinical care needs of women with endometriosis: <i>Heather Rowe</i> (1520 - 1540) Let's hear it from a patient: <i>Jessica Little</i>

1540 - 1605	Afternoon Tea, Poster Viewing and Trade Exhibition		
1605 - 1745	Invited Concurrent Clinical Session 3A: Genital tract	Invited Concurrent Scientific Session 3B: Embryo Diagnostics	PCOS Centre of Research Excellence: 3C
1605 - 1630	Understanding the genetic contribution to endometriosis: <i>Peter Rogers</i>	Metabolism: <i>Denny Sakkas</i>	(1605 - 1625) The PCOS CRE overview, Guideline overview and PCOS diagnosis: <i>Helena Teede</i>
1630 - 1655	Targeting endometrial stem cells for the prevention of recurrent pregnancy loss: <i>Jan Brosens</i>	Time lapse: <i>Ashleigh Storr</i>	(1625 - 1635) Emotional well-being lifestyle and medical treatment: <i>Jacqui Boyle</i>
1655 - 1720	Novel insights on embryo implantation: <i>Jemma Evans</i>	Textural analysis: <i>John Ryan</i>	(1635 - 1655) Treatment of infertility: <i>Michael Costello</i>
1720 - 1745	On the topic of ectopics and the end of surgery: <i>Stephen Tong</i>	Hyperspectral assessment: <i>Kylie Dunning</i>	(1655 - 1705) Translation and next steps in the CRE: <i>Rob Norman</i>
1745 - 1815	FSA Annual General Meeting		

Tuesday 11 September 2018

0700 - 0815	MSD Sponsored Breakfast - Eureka Rooms 1&2		
0815 - 0945	Keynote / Invited Speaker Presentation/s 2		
0815 - 0845	New developments in preimplantation genetic diagnosis: the NGS era: <i>Carmen Rubio</i>		
0845 - 0915	Patient-centredness of endometriosis care: <i>Eline Dancet</i>		
0915 - 0945	Chlamydia vaccine: <i>Peter Timms</i>		
0945 - 1015	Morning Tea, Poster Viewing and Trade Exhibition		
1015 - 1145	Clinical Free Communications 4A - Concurrent Session	Scientific Free Communications 4B - Concurrent Session	Invited Concurrent Nursing / Psychosocial Session 4C: Donor conception and DNA private detectives: a panel discussion
1015 - 1030	An ICSI rate of 90% prevents complete failed fertilization and provides satisfactory implantation rates without elevating fetal abnormalities: <i>John Yovich</i>	Clinical application of karyomapping for reimplantation genetic testing (PGT) of reciprocal translocations: <i>Sharyn Stock-Myer</i>	(1015 - 1145) Joining the dots: how people related through donor conception find each other
1030 - 1045	Interventions for unexplained infertility: a Cochrane systematic review and network meta-analysis: <i>Rui Wang</i>	Can the size of the translocated segments predict the proportion of balanced embryos during preimplantation genetic testing for reciprocal translocation carriers? <i>Mirjana Martic</i>	<u>Panel Members:</u>
1045 - 1100	A randomised control pilot study comparing Embryogen®/BlastGen™ with standard media culture in poor prognosis couples undertaking IVF: <i>Louise Hull</i>	Digital karyomapping using whole genome sequencing improves resolution 30-fold compared to standard karyomapping: <i>Tristan Hardy</i>	Assisting people to find people related to them through DNA testing: <i>Rose Overberg</i>
1100 - 1115	Health and fertility of young adult men conceived using ICSI: Progress report: <i>Sarah Catford</i>	Segmental mosaics: Are good outcomes linked to their mechanism of origin? <i>Steve Grkovic</i>	Discovered donor connection through ancestry.com
1115 - 1130	Germ cell arrest (GCA) due to a SETX mutation in a man with ataxia oculomotor apraxia type 2: <i>Sarah Catford</i>	Defining the limits of detection for chromosome rearrangements in the preimplantation embryo using next generation sequencing: <i>Carly Cuman</i>	Discovered donor connection through ancestry.com: <i>Hayley Smith</i>
1130 - 1145	Should couples with low sperm count in the first intrauterine insemination (IUI) cycle continue IUI treatment? <i>Shuo Huang</i>	The cost effectiveness of preimplantation genetic testing (PGT): <i>Aimee Caldwell</i>	Donor who has looked for his offspring: <i>Daniel Roos</i>

1145 - 1330	Invited Concurrent Clinical Session 5A: Sex and infertility	Invited Concurrent Scientific Session 5B: Sperm	Invited Speaker Session 5C
1145 - 1210	Severe dyspareunia – diagnosis and medical treatment: <i>Jason Abbott</i>	Sperm dysfunction: <i>Brett Nixon</i>	Current and novel biomarkers to optimise ovarian stimulation: <i>Nikos Polyzos (MSD invitee)</i>
1210 - 1235	Severe dyspareunia – surgical treatment: <i>Anusch Yazdani</i>	Sperm Proteomics: <i>Mark Baker</i>	How to maximize vitrified embryos (blastocysts) transfer program in ART: <i>Tetsunori Mukaida (JSAR Exchange Lecture)</i>
1235 - 1300	Cancer survivors and sex: <i>Martha Hickey</i>	Genetics of human male infertility: <i>Moira O'Bryan</i>	Features of metabolic disorder in late adolescence are negatively associated with testicular function at 20 years of age; evidence from a birth cohort: <i>Roger Hart (ESHRE Exchange Speaker)</i>
1300 - 1325	Impotence and implants: <i>Ross Snow</i>	Sperm assessment in 21st century: <i>Denny Sakkas</i>	TBC
1330 - 1430	Lunch, Poster Viewing and Trade Exhibition		
1330 - 1430	ANZSREI Group Meeting		
1430 - 1545	Invited Concurrent Scientific Session 6B: Genetics	CREI Presentations 6A	Invited Concurrent General Session 6C: Information sharing and informed consent
1430 - 1455	Chromosomal errors: <i>David Amor</i>	FSH type and dose in ovarian stimulation for ART: <i>Elizabeth Maxwell</i>	(1430 - 1455) Health Literacy and Informed Choice: what you need to know: <i>Kirsten McCaffery</i>
1455 - 1520	Aneuploidy and mitochondrial copy number: <i>Carmen Rubio</i>	Vitamin D in male and female reproduction: <i>Giselle Crawford</i>	(1455 - 1510) Addressing lifestyle to improve chance of success: <i>Gillian Homan</i>
1520 - 1545	Procedures and impact of embryo biopsy: <i>Steve McArthur</i>	Microbiome in the genital tract - evidence and implications: <i>Leigh Searle</i>	(1510 - 1525) The role of Decision Aids in ART: <i>Michelle Peate</i>
1545 - 1615	Afternoon Tea, Poster Viewing and Trade Exhibition		
1615 - 1755	Invited Concurrent Clinical Session 7A: Caring for early IVF pregnancies	Invited Concurrent Scientific Session 7B: Follicle / Oocyte	Concurrent Psychosocial / Nursing Free Communications 7C
1615 - 1640	Increased risk of PIH in FET pregnancies: should we worry and what can we do about it? <i>Susan Walker</i>	Follicle dynamics at puberty and menopause: <i>Karla Hutt</i>	(1615-1630) Access to Egg Freezing: What Does the Public Think? <i>Molly Johnston</i>
1640 - 1705	Managing thyroid disorders in early pregnancy: what does the evidence say? <i>Ben Mol</i>	Follicle development: <i>Darryl Russell</i>	(1630-1645) Patient Centred Care in Fertility: A Systematic Review: <i>Rebecca Auker</i>
1705 - 1730	Do we need to support early IVF pregnancies with hormones? <i>Christos Venetis</i>	Oocyte aging: <i>John Carroll</i>	(1645-1700) Right to Know Legislation Outcomes, One Year On: <i>Louise Johnson</i>
1730 - 1755	How to deal with CS scar ectopics? <i>Jason Abbott</i>	Rescue of follicles: <i>Lindsay Wu</i>	(1700-1715) The economic burden of assisted reproductive technology amongst Australian women with chronic pelvic pain: <i>Mike Amour</i>
1900 - 2359	Conference Dinner - Plaza Ballroom, Collins Street		(1715-1730) A systematic review of e-cigarettes and reproductive health: A puff of ambiguity: <i>Samantha Costa</i>
			(1730-1745) Degrees and Delayed Childbearing- Australian Female University Students' Knowledge and Views on Elective Egg Freezing: <i>Tessa Clegg</i>

Wednesday 12 September 2018

0930 - 1115	Invited Concurrent Session Clinical 8A: The Ovary	Invited Concurrent Session Scientific 8B: Environmental factors on fertility	Invited Concurrent Nursing / Psychosocial Session 8C: The ART of patient centred care
0930 - 0955	PCOS, shall we finally call it something different? <i>Helena Teede</i>	Altered embryogenesis with obesity, aging and ART: <i>Rebecca Robker</i>	(0930 - 0955) How does patient-centred care work? <i>Eline Dancet</i>
0955 - 1020	PCOS and healthy aging; reproduction and beyond <i>Bart Fauser</i>	Alcohol and smoking: <i>Eileen McLaughlin</i>	(0955 - 1015) Nurses' perspectives on patient-centred care: <i>Jo Fenby</i>
1020 - 1045	Ovarian reserve: <i>Andrew Shelling</i>	Environmental toxins: <i>Mark Green</i>	(1015 - 1035) Counsellors' perspectives on patient-centred care: <i>Rita Alesi</i>
1045 - 1110	Androgens and the ovary: <i>Kirsty Walters</i>	Impact of chemo and radiotherapy: <i>Quynh Nhu Nguyen</i>	(1035 - 1055) Scientists' perspectives on patient-centred care: <i>Nadine Richings</i> (1055 - 1115) Doctors' perspectives on patient-centred care: <i>Clare Boothroyd</i>
1115 - 1145	Morning Tea, Poster Viewing and Trade Exhibition		
1145 - 1315	Keynote/Invited Speaker Presentations 3		
1145 - 1225	Gene editing embryos: the technical, ethical and regulatory challenges of CRISPR-CAS9: <i>Tristan Hardy & Catherine Mills</i>		
1225 - 1250	Cell Free DNA from embryos: <i>Carmen Rubio</i>		
1250 - 1315	Personal approaches in infertility care: <i>Bart Fauser</i>		
1315	Conference close		
1315 - 1400	Lunch, Poster Viewing and Trade Exhibition		

*Program is subject to change without notice
